Dear Stephanie,

On behalf of our subsidiary, Arts Events, Inc., I would like to highly recommend *Calle Sur*. I was the stage manager for the Smet Construction Stage at Bayfest where *Calle Sur* performed. I can honestly say that I (and the other persons around me) all commented on how we enjoyed the show immensely! The musicians were very friendly, professional and easy to work with. They were prompt to the event and performed very close to on time (only because the previous performer ended their performance late).

I told Tina Quigley (Executive Director for Arts Events, Inc.) this morning that we should consider having them perform at Artstreet and that they would be a very good fit. In my opinion, the group *Calle Sur* is a top notch entertainer and features the most talented musicians I have heard in a very long time. I have been a stage manager and event coordinator for arts festivals for 17 years and *Calle Sur* definitely stands out in the crowd of performers! They also had very good crowd interaction.

If you need a written letter of recommendation, please feel free to contact me and I would be happy to oblige.
