UAPRESENTS IN THE SCHOOLS

UApresents and TUSD have collaborated to bring performing arts events to Sahuaro and Tucson High School theaters. Elementary and middle school students will be walked, and in some cases bused, to the theaters for the programs. More than 4,000 students will be able to experience these wonderful performances that also will contribute greatly to maintaining the arts in the TUSD curriculum where those budgets have been significantly reduced in the new budget year. We hope to extend the program to other school districts in the future based on the success of this year's program. All performances will take place at 10:30 am

Calle Sur

Thursday, March 4, 2010 Friday, March 5, 2010

Performing music from all over Latin America on a large variety of instruments, Calle Sur brings to life the rich diversity of Latin American music, challenges cultural and ethnic preconceptions and lifts spirits with sheer musical energy and beauty. Appropriate for all ages.

Dear Karin and Ed,

Thank you so much for your wonderful performances last week here in Tucson. We received very positive feedback about your performances from teachers and parents that attended the UApresents *In the Schools* shows at both high schools. I have attached a document with the responses. I hope you enjoyed the Arizona weather!

Thank you again,

Teacher Feedback for Calle Sur

We loved the performance!!!!!!

The children really enjoyed their field trip and we look forward to seeing them again next year if at all possible. Several of the parents also stated what a great field trip it was. Since we no longer have a music teacher, the children enjoyed participating with the performance.

Thank you,
Marva Merritt

I just wanted to thank you for the amazing free performance of Calle Sur last week. The students from Davis Bilingual Elementary attended the event and LOVED it. It was both entertaining and informative...a perfect school outing!

We really appreciate you considering the budget constraints faced by local schools these days and allowing students to experience the arts at no cost. Please keep us updated on any future events such as this! We are fans!

All the best,
Carolyn Van Hazel

I thought the program was fabulous! Thank you so much! I used the study guide for my class and the map. The students really enjoyed the lessons and discussion.

Thank you,
