TO WHOM IT MAY CONCERN:

Latin Musical Duo Calle Sur, comprised of Panamanian Ed East and Columbian Karin Stein, have just completed a very successful residency in Dubuque for the Dubuque Arts Council.

Evaluation forms were given to all the schools where Karin and Ed performed and we received excellent feedback.

One of the schools stated "We valued the entire presentation because it was a cultural experience." Another school wrote "The artists included geography lessons as well as information about history and music of American countries south of the United States."

All of us here at the Dubuque Arts Council are very appreciative of the hard work Calle Sur put into their residency while in Dubuque. They were wonderful to work with before and during their residency.

Sincerely,

DUBUQUE ARTS COUNCIL
