Dear Ed and Karin,

Thank you so much for visiting Dakota Wesleyan University! Your performance was fantastic; you provided an energetic, enjoyable learning experience. Sharing the cultural origins of songs and instruments while entertaining is a great way to celebrate cultural education! Your "Latin Fiesta" performance and "What meets the eye" diversity workshop worked hand-in-hand with the goals and mission of our Multicultural Committee. Please know that we received many compliments for your performance from students, faculty, and staff. I thought you might enjoy a few of the comments:

Great job on the entertainment at lunch, you have to chalk that up as a big success. It was standing room only!

I want to commend you on a fine event yesterday. I'm glad I was able to make it. Often times I can't get away to attend all of the student events. You've definitely made a wonderful connection with the students!

Thanks again for gracing our campus!

Ms. Yolie Kernes
