Hola Edgar (and Karin and Rene)

I wanted to thank you again for the fabulous concert you gave to our college and our community last night. Not only was your music superb, but your approach to the evening as an educational as well as an entertaining experience made for a night to remember for our students and for the community members in attendance.

I know you were deluged with new "fans" after the concert expressing their appreciation for your talents. Many others who did not stop to greet you told us on their way out how enjoyable the evening had been for them. It was a great success in every way for our cultural series.

We would love to have you back to our campus (in any of your many musical forms). Thank you again for the musical treat you gave to our community.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dick Vallandingham'.

Dick Vallandingham, Ph.D.
